

ABOUT US

PWSFTviT has its own International Relations Department (IRD) which deals with any international affairs. The duties are managed and divided between The Head of International Relations and International Relations Coordinator. IRD is responsible for international policy, contacts and networking. It also concentrates on policy preparation and implementation in the internationalization field. Among its duties are: management of bilateral agreements with partner universities, collecting information about international study programmes, projects and events, seeking collaboration partners and funding sources for international projects and other research activities, facilitating and managing education projects and preparation and coordination international educational events: workshops, meeting, seminars, conferences.

The Institutional Erasmus Coordinator has a separate function. His work is more focused on managing and process monitoring of incoming and outgoing exchange students. He organizes and administrates the exchange of students and staff through the EU programmes, assists the school staff and students going abroad, searches for education projects, exchange possibilities and other international cooperation activities of the School. He also contacts school departments simplifying mobility process.
