

Student Code of Ethics

Leon Schiller's Polish National Film, Television and Theatre School in Łódź

We, the students of Leon Schiller's Polish National Film, Television and Theatre School in Łódź, considering the significant influence of learning on the quality of human life, believe that we have been given a chance, which had been inaccessible and elite for ages and had not been offered to a number of young people in the past not because of their personal predisposition but social relationships. This chance is the possibility to acquire knowledge. We believe that this Code shall serve as a proof of the fact that we are aware of its extraordinary significance and feel the responsibility it entails. Being faithful to our academic and social duties, and being aware of our responsibility for students' good name, we hereby pledge to follow ethical principles and implement the highest academic standards, and we declare that we will:

1. Follow the fundamental moral and ethical rules that are the underlying bases for the civilisation we live in.
2. Observe the law, and particularly the Higher Education Act and other legal acts binding at our School.

§2

1. Continually strive after self-improvement.
2. Support other students in their striving after the broadening of knowledge and skills.
3. Use the acquired knowledge for the sake of our Country.

§3

Act in accordance with the contents of the oath we took, and particularly to:

- 1) Persistently strive after the acquiring of knowledge and the development of one's own personality;
- 2) Respect the academic rules and customs;
- 3) Care for the students' dignity and honour.

§4

Honestly and diligently fulfil our duties, and particularly to:

- 1) Get credits for subjects and prepare our assignments and theses with respect for the copyright law;
- 2) Fulfil our obligations towards the school, meeting the set deadlines.

§5

Use the freedom of speech with respect for the rules of fair and factual discussion.

§6

Act for the good of the student community, care for the School's good name and image, and respect its traditions.

§7

1. Respect the dignity of all members of the academic community.
2. Treat the School's employees with due respect.

§8

Cooperate in order to propagate and disseminate this Code among students and other members of the School's academic community.
